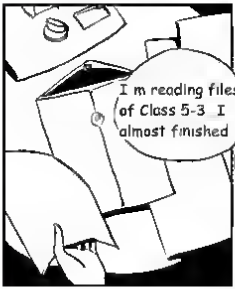
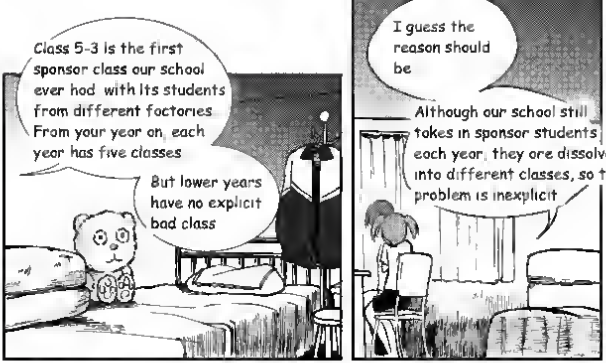
T/N "jiejie" as the Chinese equivolent of Joponese "nee" Note I used "Sis Ling" before which stands for a slightly different expression





Class 5-3 is the first sponsor class our school ever had with its students from different factories. From your year on, each year has five classes.
But lower years have no explicit bad class.
I guess the reason should be
Although our school still takes in sponsor students each year, they are dissolved into different classes, so the problem is inexplicit.

Ling' jiejie, you are caring about adult stuff again, what does the sponsor class have to do with us.
It's a mutual agreement. Classes like 5-3 should be left on their own!
Really, you've been talking about 5-3 the entire day...

Scratch
刮
Ahhhh!
Ying! Don't say cruel words like that! 5-3 is also a part of our school!

Don't forget our school is the worst in the city!
If we fight internally all the time, we'll be a laughing stock!
Since I'm elected to be the council president...
I always want to ...if possible...

Class 5-3

All Hail Empress Her Majesty

Act 15 Free Activity

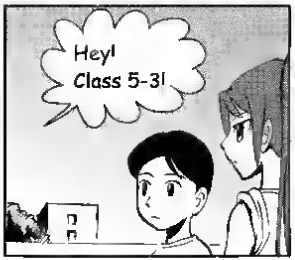
五(3)班

拜見女皇陛下

Act.15 自由活動

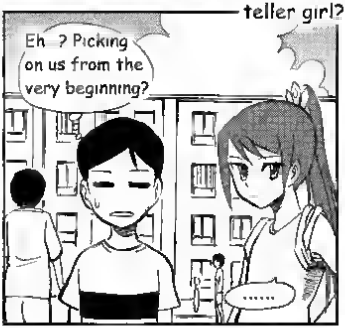
U17.com

I didn't expect to have P.E. lesson on Tuesday together with them at the same time
Your Mojesty the teacher let us have free activity!
Dismiss! Yawn...
Got it
Good for them to have free activity from the very beginning
Don't be silly it's just the teacher is too lazy to teach them
Now that... What a nice chance...



Hey!
Class 5-3!

Wanna play a game?
The paper fortune teller girl?



Eh...? Picking on us from the very beginning?
.....

What? Don't you dare?

Hey! Class 5-2!
I haven't declared free activity yet!
We should finish the teaching first!
Tsk

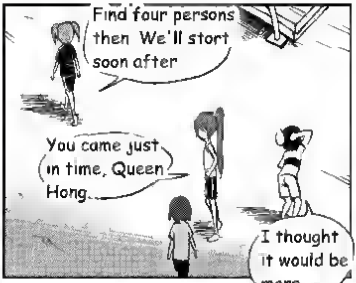
Come here, you too.
oh
? ?

Coach~~❤we all want to have free activity~~❤
.....
Then the teaching ends here. You can have free activity now, but don't go back to classroom!
Pathetic man
This guy
used such a tactic
.....
Wait... why she kinda resembles Hua?

Hey, have you made your mind?
Fine, challenge accepted. Name your game.
Your Majesty It's too rash.
Quite confident, huh? I'll go straight forward then
呼!
Whiz
Whoosh
嗖
Clap!
咔!

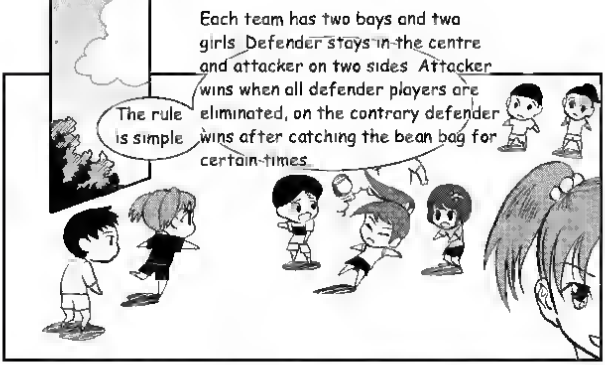
How about
throwing bean bag?

#¥%…*&@!
……
What're you doing, Hua Your Majesty?



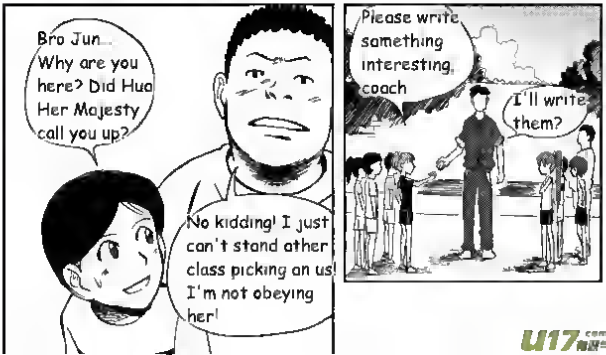
Find four persons then We'll stort soon after
You came just in time, Queen Hong.
I thought it would be more

Ling-jiejie
Do they worth your special care?



Each team has two boys and two girls. Defender stays in the centre and attacker on two sides. Attacker wins when all defender players are eliminated, on the contrary defender wins after catching the bean bag for certain times.
The rule is simple

To make things more interesting, I made a paper fortune teller for additional rules
Are you OK with that?
As you wish

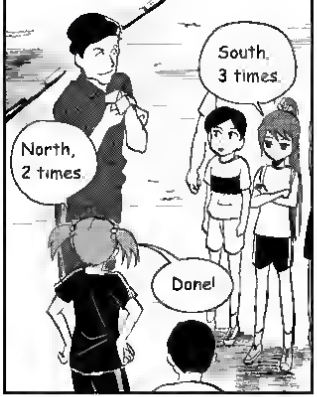


Bro Jun... Why are you here? Did Hua Her Majesty call you up?
No kidding! I just can't stand other class picking on us! I'm not obeying her!
Please write something interesting, coach
I'll write them?

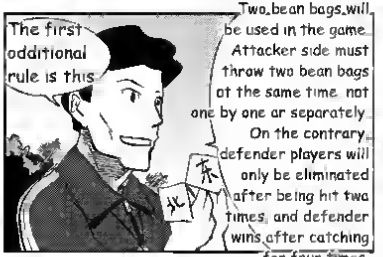
U17.com

Then I'll do it.
沙沙
Rustle

南
OK pick one.



South, 3 times.
North, 2 times.
Done!



The first additional rule is this.
Two bean bags will be used in the game. Attacker side must throw two bean bags at the same time, not one by one or separately. On the contrary, defender players will only be eliminated after being hit two times, and defender wins after catching for four times.
东
北

Oh, that sounds exciting.
That's unfair for defenders even it's a two-hit elimination!

Whot about the second?
Oh, the second is on the punishment of losing team.

Winners can hit the losers' bottoms with bean bag! But only one chance, no retry if missed.
Who...!

No objection
Your Majesty!?
What! They agreed easily is that showing off?
No objection!
All right, it's a deal!
Damn perv teacher!
Rock
Paper
Scissors!
Great! Winner gotta be the attacker we are at advantage!
.....
We're doomed!
what kinds of fellows you are!
Shut up if you don't want to be beheaded!
Humph let me see
Y_yes!!

Sis♥Ying
英♥姐
Prez! We love you prez!
So noisy...
But...
The other team has almost no cheer-leaders. They're all playing on their own!
Go bro Jun!
Don't they know it's a class match?
Damn! Why so few people? Only you two of the Valiant Eight?
Sorry, the rest played truant for game centre...
Sigh, although Hua claimed empress, still many are gone during loose classes like P.E
...it's really lonely and still

Huh, in that case...
I'll finish it quickly!

Waahhh!!
嘭！Pom!
嘭！Pom!
Queen Hong!
Hooray!
Coach!
Brave prez!
That was two hits. She should be eliminated.
Oh...yes, right
Humph..they can't even find someone with a quicker response? We took one down so easily
So weak and uninteresting!
Wait a minute. It's not they can't find but have nowhere to find such person!

This class is completely...
a heap of loose sand!
Prez of class 2...
Today Zhen will surely
smash your bottoms into pieces with bean bag!

What.

Stop takling big! You have only 3 people left! You can't hold far long! We will kick your ass in the end!
Queen, go and have a rest

Hey
Come again

Stubborn until the last second!
Hey!

You two, don't get hit even if you can't catch!
Yes!
Don't underestimate me!

Prepare for your death!

What!? Rushing towards me!?
Damn! If you want to die so eagerly, I will give you a quick death!
POM!!
嘭！！

突

突
Eh? Only one bean bag comes through...
What happened? I didn't see clearly...
Bro Jun... you OK?
Ah...
I wasn't hit either...
But the huge bang just now... Could it be Her Majesty is hit...?
！！
